2. Tervezés

- 3 éves stratégiai programozás
- 2 éves munkaprogram
- 1 munkaprogram az összes H2020 akciónak (kivéve ERC, Euratom)
- Pályázati felhívások 2 évre előrevetítve Tervezhetőség →
- Kevesebb, de szélesebb spektrumot felölelő tematika
- Általános támogathatósági feltételek

How to participate

H2020 ONLINE MANUAL

The first steps to prepare your proposal and apply for EU research funding. Learn how to find a suitable Call for proposals or project partners and how to submit your proposal.

The following guidance services facilitate your participation:

- **H2020 Online Manual:** step-by-step online guide through the Portal processes from proposal preparation and submission to reporting on your on-going project
- **Reference documents:** library of legal documents, guidance notes, and additional reference material for H2020 and FP7
- search for already registered organisations and their **PICs**
- **Financial viability self-check tool** allows you simulating the financial viability check of your organisation
- **SME participations:** dedicated H2020 guidance page for SME

1 FIND a call **2** FIND partners **3** CREATE your account **4** REGISTER your organisation **5** SUBMIT a proposal

Step 1 - Find a suitable Call for Proposals

H2020 ONLINE MANUAL

The Commission publishes on the Participant Portal all the Calls of its research and innovation programmes H2020, and you can search calls from previous programmes (FP7 and CIP). In addition you can find information about some additional calls in the [Other Funding Opportunities](#) section. If you apply for the first time and do not know yet the programmes, it is useful to read the H2020 Online Manual. It helps you choose the most suitable programme for your area and profile. Besides, you can [search according to your research topic](#) with key words and set filters on the calls list.

Your [National Contact Point](#) can also help you find the most suitable call for your profile. SMEs are in addition supported by the [Enterprise Europe Network](#).

Step 2 - Find project partners or apply as an individual team or researcher

Collaborative projects: most of the EU funded projects are collaborative projects with **at least 3 organisations** from different EU Member States or Associated countries. Various [partner search services](#) help you to find organisations that would like to participate in the proposals. You can also post your collaboration offers there.

Individual researcher or team: It is also possible to submit your proposal as an individual researcher, team or organisation. Such opportunities are mainly funded under the H2020 [European Research Council \(ERC\)](#) grants and the [Marie Skłodowska-Curie](#)
